

Adventist  **Association**

Equipping Churches for Effective Health Ministry

November 18, 2011

Mr. Pascoe,

On behalf of the entire Adventist CHIP Association and the Summit 2011 audience—thank you!

We so much appreciate your presentations. They have highlighted just how “fearful and wonderful” a creation each individual truly is. Beyond that, you have inspired us to greater effort in reaching each individual with the blessing of complete health. Thank you for touching each of us in such a thought provoking way.

We are genuinely grateful to you for clarifying the true motive behind “Sharing Health and Hope for a Better Life”—our Summit 2011 theme.

May God bless all your endeavors.

With grateful regards,

Kathy Pflugrad
Communications Director
