

Girls' Brigade
3rd Invercargill Company
*"GB seeks to empower girls with skills, Christian qualities
and values to succeed in tomorrow's world"*

Mr Warwick Pascoe
DC Communications

18th June 2008

Dear Mr Pascoe,

I would like to sincerely thank you for bringing your wonderful interactive multi-media presentation of **"The making of a Masterpiece"** to our Girls Brigade Company.

We can highly recommend your professional and informative approach in speaking to our girls, who were completely fascinated by all the material which you presented to them.

Our group of girls who are aged 9 – 15 years, were able to understand and participate enthusiastically with you in your presentation, along with some of our mothers who were present also. Your material was indeed 'family friendly' as you stated and regardless of our age, we all learned lots from the extremely effective photography and visuals in your presentation.

I would believe that any group would benefit greatly from viewing "The Making of a Masterpiece"

Once again, thank you so much for bring it to us.

Yours sincerely,

Nardia Livingstone
