Re: Reference for Warwick Pascoe

To whom it may concern,

At first we were all a little apprehensive about having a male speaker come to talk to us about a seemingly female topic. As it turned out we couldn't have asked for a better person to show his amazing presentation. We found Warwick very interesting, he was confident but relaxed and made us all feel comfortable.

It was evident that Warwick had put a lot of time and effort into his incredible presentation. He was very professional and it showed that he was passionate about the subject. We all thought Warwick was a great, friendly person who has worked hard to create a stunning masterpiece of his own.

We really enjoyed having Warwick visit us and wish him all the best for the future.

Kind Regards

The students at the Y.M.C.A Young Parents Programme,
Wanganui
